

1<sup>st</sup> July 2020

Dear Participants,

It is official – we are returning to meeting together as from July 8<sup>th</sup>.

We are really looking forward to seeing you and catching up with your news. Please feel free to bring any items for 'Show and Tell' so that we can hear and see what you have been doing during this Recess period. Have you reached any goals you set or started a new hobby?

We have increased the cleaning schedule at Care and Share to make sure that we follow all SA health COVID 19 transmission prevention guidelines. We ask that you do not attend on any day you feel unwell or are experiencing COVID 19 like symptoms. If you have any concerns please have yourself tested, isolate yourself until the results are known and advise people who you have been in close contact with.

Things will also look a bit different when you return. You will notice some minor changes so that we are keep in line with Health SA guidelines. They include:

- Keeping attendance & contact tracing records
- Observing physical distancing
- Regular hand sanitising including on arrival and throughout the day
- Continue regular hand washing especially after using the bathroom
- If you need to sneeze, please do so into your elbow area
- Do not reuse tissues, discard in provided bins
- No physical contact other than elbow taps. We would love to be able to give you a welcome back hug but that is not permissible unfortunately.
- Please bring the correct money. This will help reduce the amount of money handling
- We are currently working with AIT to reinstate the taxi transport. As each driver owns their own taxi, the driver can decide whether he will accept a job where a front seat ride is requested. Until we recommence, we won't know the full impact on the transport arrangements. There may be times when we will not be able to provide front seat transport, please let us know if you will not be able to manage to get in and out of the rear seats. Most taxi drivers will however accept a job with 2 people seated in the rear. We will only book 2 people per taxi until distancing recommendations reduce further.
- If you have any questions or concerns please ask, we are happy to help or advise in any way we can.

Find attached a Dept of Health pamphlet for your information.

Once again, we look forward to seeing you very soon. Welcome back!

Kind regards, Janine
